WARRANTY INFORMATION

5 YEAR LIMITED WARRANTY

Renin warrants all wall decor, door components & hardware for its barn door, sliding, bypass, bifold, pivot and overlay doors against defects in workmanship and materials subject to ordinary wear and tear, for the limited life of these products. This includes door frame components, top tracks, top guides, bottom rollers, pivot hardware and hinges. Further, Renin warrants all safety backed mirror against defects in material and workmanship for a period of five (5) years from the date of purchase. This warranty shall not apply if damages are due to abuse, mishandling, improper installation or use; incidental or coincidental water and/or moisture exposure or foreign matter which includes drippings from ceiling materials or paint; or materials placed on the back or edges of product by others; or requirement / treatments applied or mirror failure which includes black edge, discoloration and slight hardware rusting when installed within five (5) miles of the ocean.

This warranty does not extend to any labor charges incurred in the initial installation, the removal, re-installation or replacement of any defective products or parts thereof. In the event of a defect, malfunction or other failure of the product to which this warranty applies, Renin will remedy the failure or defect, without charge to the consumer within thirty (30) days from the actual receipt of the product, or refund of the purchase price at Renin's discretion.

To obtain performance under this warranty, the consumer should contact our Customer Service Department at 1-800-493-5263, between 8:30 am and 5:00 pm EST, Monday to Friday. This limited warranty is given to the original purchaser only, and is in lieu of all others including the implied warranty merchantability and fitness for a particular purpose and excludes all incidental or consequential damages. Some states do not allow limitations on how long an implied warranty lasts, return of merchandise, or the exclusion or limitation of incidental or consequential damages. Therefore these limitations may not apply to you. Should you have any questions, contact our Customer Service Department at 1-800-493-5263.

BARN DOORS

The word "BARN" is written in large, bold, blue, sans-serif capital letters. It is centered within a white rectangular frame that has a thin white border. The background of the frame is a photograph of a white barn door with a black sliding track, partially open to reveal a closet with a plaid shirt hanging on a rack.

KITS & HARDWARE

The word "BARN" is displayed in a large, bold, blue, sans-serif font, split into two lines: "BA" on top and "RN" on the bottom. This text is centered within a white square frame that has a thick border. The background of the entire page is a photograph of a white barn door with black sliding hardware, set against a light blue wall. To the left, there is a white vase with dried branches, and to the right, a framed picture hangs on the wall.

BARN

Table of Contents

BARN DOOR KITS & HARDWARE

Adding the finishing touches to any renovation or decorating project can complete a homes look. Hardware plays an important role in enhancing the style of a space. With a multitude of choices available, factors to consider can include how well a particular style or color complements the overall design theme and how the hardware will function within the space relative to other important decor items. Hardware is like adding jewelry to a room, the personality that makes the room reflect the home owners style and interests.

SET OF EASY CLIP SOFT CLOSE HARDWARE IN MATTE BLACK FINISH

EASY CLIP SOFT CLOSE HARDWARE

Barn door soft-close hardware - includes two soft-close mechanisms, two triggers with mounting screws.

Match your door weight to the soft close rating. Example: BDF960-1020 is for door weights of 10 - 20 kg (22 - 44 lbs).

- Low profile attachment is concealed behind the track and does not affect the look of your hardware
- Kit includes 2 Easy Clip Soft Close attachments for both ends of your track to open and close quietly and effortlessly
- Installs in minutes to most flat track barn door kits.
- Mounts directly to your previously installed hardware

DOOR WEIGHT			
10 - 20 KG (22 - 44 LBS)	20 - 40 KG (44 - 88 LBS)	40 - 60 KG (88 - 132 LBS)	60 - 80 KG (132 - 187 LBS)

SET

DOORS

BIFOLD CLOSET DOORS

Sometimes, what's within your closet needs a bit of covering up. What better way to do that than with a closet door to steal all of the attention?

Save space in small rooms by adding a sliding closet door to your enclosures, utilize a bifold closet door to stack up on style or try a pivot closet door to replace any memories of ever having a basic closet.

SLIMLINE FRAMED MIRROR BIFOLD DOOR SYSTEM

BIO221

STILE COLOR

FEATURES

- Easy-Roll connector results in less friction on the track for smoother travel
- Easy to maintain, framed Safety-Shield backed clear mirror panels
- Increased adjustability for out-of-square door openings improves door appearance and operation
- Low profile, direct floor-mounted and pre-drilled bottom track for quick installation and easy clean
- A metal pull attached to the stile of the jamb door is used to operate the door
- Modern slimline frame offers full access to the mirror surface
- Offset pivot action creates an additional 4" for more complete access to your closet or space

The Model BIO221 features 3mm distortion-free infinity mirror with Safety-Shield Backing to strengthen the glass and minimize risk of injury. The mirror panels are encased with a slimline frame in your choice of finishes. These steel bifold doors operate as rolling pivot system featuring Easy-Roll bifold hardware and low profile bottom track.

FEATURES

- Easy-Glide hardware allow doors to travel effortlessly
- Easy to maintain, Safety-Shield backed clear mirror panels
- Adjustable Quick-Click guides correct out-of-square door openings (+/- 1/4") improving installation appearance and operation
- Low profile Invisi-Track provides a hazard-free opening that allows for easy cleaning and smooth traveling doors
- Contemporary wide steel frame with integrated handle design
- Quick-Click Anti-Jump Connector; Bottom roll sliding system with bottom guide ensures doors do not disengage from the track

The Model BY0035 features 3mm distortion-free mirror with Safety-Shield Backing to strengthen the glass and minimize risk of injury. The mirror panels are encased with a Contemporary wide frame with integrated ergonomic handle in your choice of finishes. These lightweight aluminum sliding bypass doors operate as a bottom roll system featuring Easy-Glide hardware, Quick-Click Anti-Jump Bottom Connectors & Invisi-Track System.

BUILDERS PANEL CLOSET BIFOLD SERIES COMPONENT HARDWARE

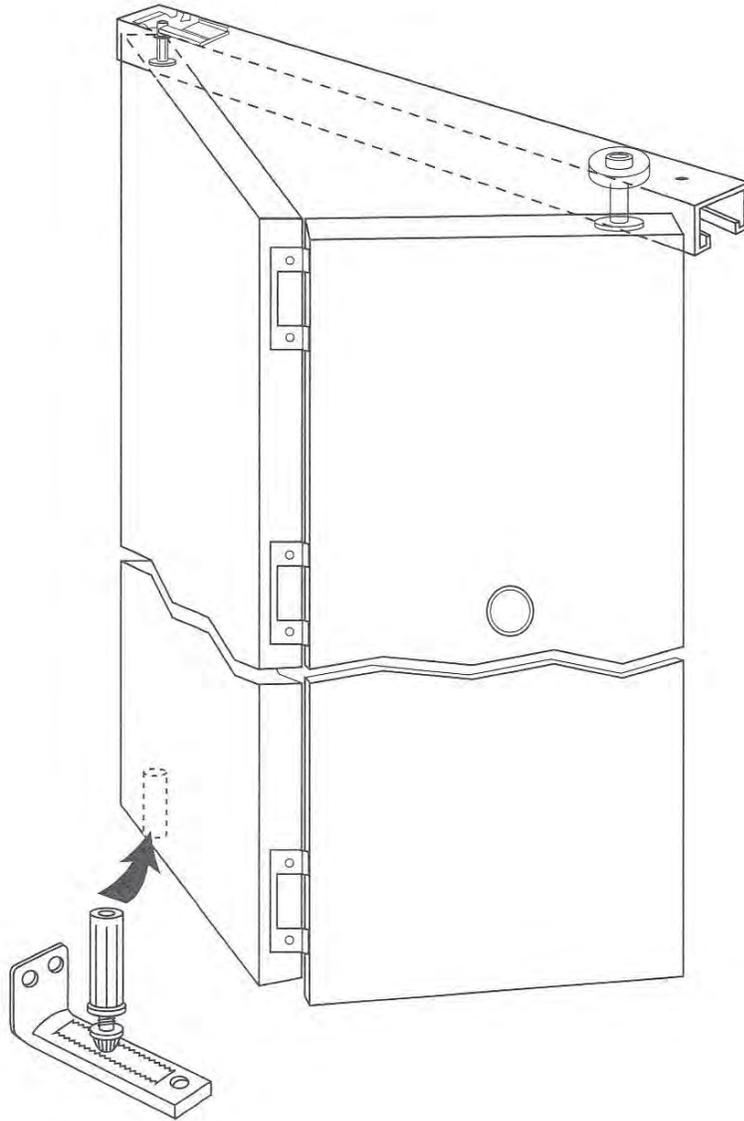

We find beauty in the details, specializing in supplying homeowners with the functional yet tasteful door hardware they need to adorn your door with the accessories it deserves.

As a supplier of endless door and door frame designs, it's our job to ensure every installation is a beautiful one with custom door hardware. Tailored for fabricators, do-it-yourself installation or repairs, Renin's ACME door hardware can change the appearance of your doors or refresh existing hardware that has worn out over the years

There's nothing more satisfying than a seamless door installation process and our long history crafting hardware means we can accommodate the most unique and unusual hardware specifications, while maintaining the door's integrity and keeping the instructions simple for homeowners.

CLOSET BIFOLD SERIES COMPONENTS		
BIFOLD HARDWARE		
Series	Description	Page
2400 (Steel)	3/8" Bore, 30 LB Bifold Hardware Components	162
2900 (Steel)	7/16" Bore, 30 LB Bifold Hardware Components	164
2600 (Aluminum)	50 LB Bifold Hardware Components	166
2700 (Aluminum)	125 LB Bifold Hardware Components	168

3/8" BORE, 30 LB BIFOLD HARDWARE COMPONENTS

PANEL DIMENSIONS

To determine panel width:

Panel width = known finished opening width divided by number of panels, less 1/4"

To determine opening width:

Opening width = known finished panel width plus 1/4," multiplied by number of panels

Door Height:

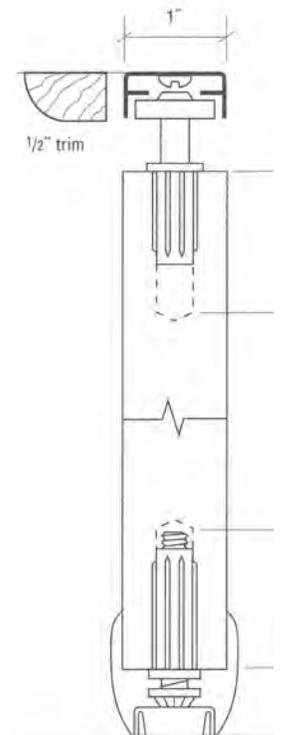

= 1-3/4" less than finished opening height

FEATURES

- Spring loaded top pivot and roller guide for easy installation
- Permanently lubricated roller guide
- Durable pre-painted track
- All metal components galvanized against corrosion

ANSI REFERENCE:

Conforms to ANSI A156.14 type 08622

- 21114-AL (Narrow) ALUMINUM
- 40054-GL (Narrow) STEEL*
- 21030-BW (Narrow) STEEL**

Aluminum Fascia Track (Wide)
PN 84004-A2

PANEL DIMENSIONS

To determine panel width:

Panel width = known finished opening width plus 1" per overlap, divided by number of panels

To determine opening width:

Opening width = known finished panel width multiplied by number of panels, less 1" per overlap

Door Height:

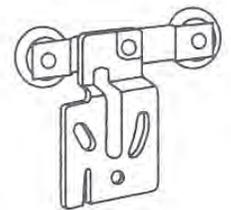

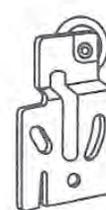

= 1-3/4" less than finished opening height

FEATURES

- Slotted hangers easy to adjust
- Slotted hangers easy to adjust
- Self-aligning wheel system
- Permanently lubricated thermoplastic wheel
- Vertical adjustments can be made after installation
- Hanger system allows for easy panel removal
- V-groove galvanized steel or aluminum track provides smooth, quiet operation
- All metal components galvanized against corrosion

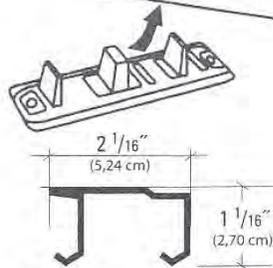

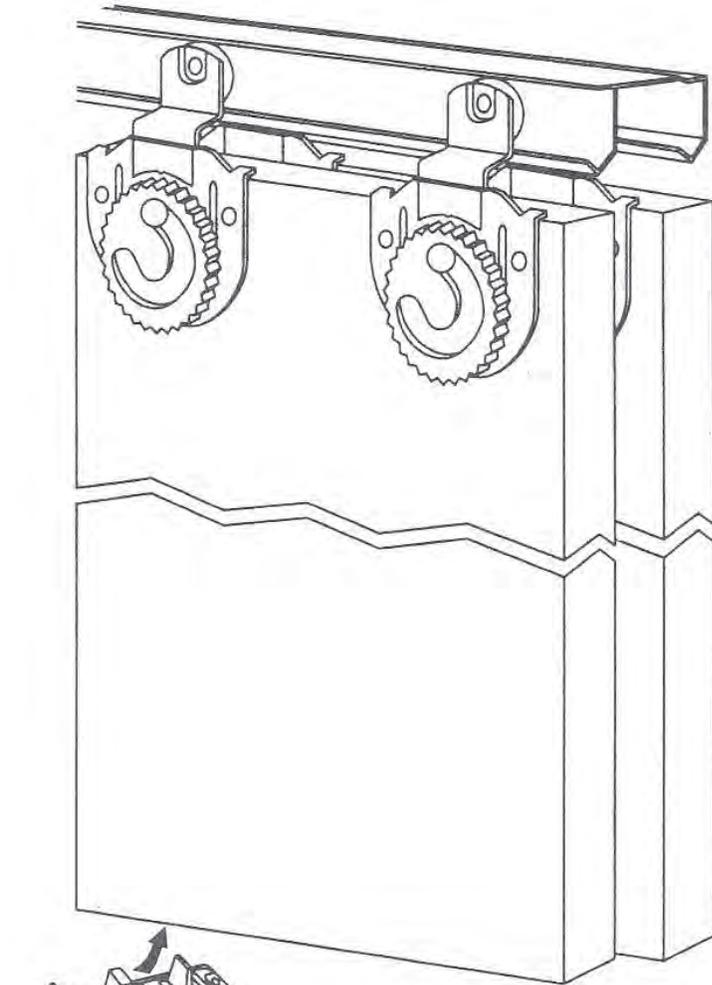

ANSI REFERENCE:

60 lb. hardware conforms to ANSI A156.14 type O8742

BUILDERS PANEL CLOSET POCKET SERIES COMPONENT HARDWARE

We find beauty in the details, specializing in supplying homeowners with the functional yet tasteful door hardware they need to adorn your door with the accessories it deserves.

As a supplier of endless door and door frame designs, it's our job to ensure every installation is a beautiful one with custom door hardware. Tailored for fabricators, do-it-yourself installation or repairs, Renin's ACME door hardware can change the appearance of your doors or refresh existing hardware that has worn out over the years

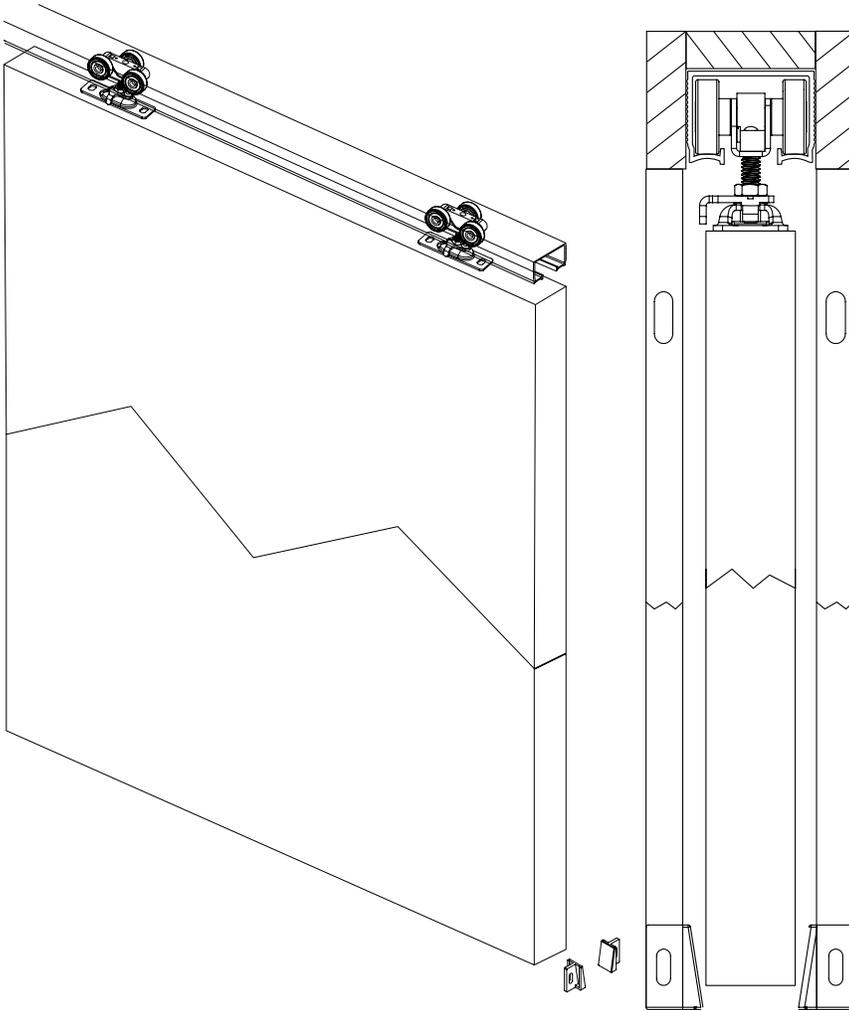

There's nothing more satisfying than a seamless door installation process and our long history crafting hardware means we can accommodate the most unique and unusual hardware specifications, while maintaining the door's integrity and keeping the instructions simple for homeowners.

4820/4830	Closet System Components	196

5/32" (4 MM) THICK CLOSET SHELF *and* HANGER BAR SYSTEM

4820 CLOSET SHELF & HANGER BAR SYSTEM

COLOR

Bright White

Arctic Silver

FEATURES

- 4820 Closet Shelving and Organizer System requires no unsightly cleats and no painting after installation.
- A wide variety of configurations can be designed from these modular components, each custom-manufactured for precise fit.
- The system is designed for multiple closet and linen shelf installation in multi-family housing units and provides a higher quality than standard board shelves.

CLOSET SHELF & HANGER BAR SYSTEM

The ACME 4820 Shelf with Hanger Bar System offers a wide variety of configurations, each custom-manufactured for precise fit. A rugged vinyl cap snaps over the hanger bar sliding surface to promote easier hanger movement and excellent resistance to scratches. We recommend a center brace shelf support with hanger bar (48230) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m).

We recommend shelving that is pre-finished measuring 5/32" (4 mm) thick and 12" (305 mm) or 16" (406 mm) deep assembled together with plastic moulded end brackets and pre-finished roll-formed steel shelf edges. For best performance use board with both sides pre-finished.

5/32" (4 mm) pre-finished panel shelf board is recommended to be finished with steel shelf edge (front and back). Shelves are not included.

MATERIAL	TYPICAL SHELF DEPTH	CLOSET WIDTH
Plastic & Steel	12" (305 mm) or 16" (405 mm)	Available for any closet opening width. Support with center brace for shelving in excess of 4ft (1.22 m)

5/32" (4 MM) THICK CLOSET SHELF SYSTEM COMPONENTS

5/32" (4 MM) SHELF BRACKET WITH HANGER

Product Image	Part Number	Description
	HW48220-01200-BW	Plastic shelf brackets with hanger.
	HW48220-01600-BW	Hanger bar inserts directly inside both left and right shelf supports for a clean installation. Available in both 12" (305 mm) and 16" (406 mm) depth.

5/32" (4 MM) CENTRE BRACE WITH HANGER

	HW48230-01200-BW	Shelving in excess of 4 ft (1220 mm) long must be supported with a center brace and one for each additional 4 ft (1220 mm).
	HW48230-01600-BW	Easily thread the hanger bar through the center support. Available in both 12" (305 mm) and 16" (406 mm) depth.

5/32" (4 MM) LINEN SHELF CENTRE BRACE WITH SUPPORT LEG

	HW48230-000-BW	Shelving in excess of 4 ft (1220 mm) long must be supported with a center brace and one for each additional 4 ft (1220 mm).
	HW48230-003-BW	Available in both 12" (305 mm) and 16" (406 mm) depth.

5/32" (4 MM) LINEN SHELF CENTRE BRACE WITH SUPPORT LEG

	HW48240-01200-BW	Plastic shelf brackets.
	HW48240-01600-BW	Shelf boards slot directly inside the support for a clean installation.

5/8" (16 MM) THICK CLOSET SHELF *and* HANGER BAR SYSTEM

4830 CLOSET SHELF & HANGER BAR SYSTEM

COLOR

Bright White

Arctic Silver

FEATURES

- The ACME 4830 Shelf System is ideal for residential housing. All fastening hardware is hidden and easily installs, requiring no painting of shelf supports.
- Available in white plastic with matching hardware, accessories and options.
- The system is designed for multiple closet and linen shelf installation in multi-family housing units and provides a higher quality than standard board shelves.

CLOSET SHELF & HANGER BAR SYSTEM

The ACME 4830 Shelf with Hanger Bar System offers a wide variety of configurations, each custom-manufactured for precise fit. A rugged vinyl cap snaps over the hanger bar sliding surface to promote easier hanger movement and excellent resistance to scratches. We recommend a center brace shelf support with hanger bar (48310) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m).

For best performance use board with both sides pre-finished. We recommend a center brace shelf support (48310) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m). Shelves are not included.

MATERIAL	TYPICAL SHELF DEPTH	CLOSET WIDTH
Plastic & Steel	12" (305 mm) or 16" (405 mm)	Available for any closet opening width. Support with center brace for shelving in excess of 4 ft (1.22 m)

5/8" (16 MM) LINEN SHELF SUPPORT BRACKET & SHELF CAP

Product Image	Part Number	Description
	HW48380-L12-BW	The plastic hardware feature caps that cover the shelf edges for a clean finish.
	HW48350-L16-BW	

5/8" (16 MM) SHELF & HANGER BAR SUPPORT & SHELF CAP

	HW48340-H12-BW	Plastic shelf brackets with hanger bar support. Shelf boards slot directly inside the support for a clean installation.
	HW48330-H16-BW	Hanger bar inserts directly inside both shelf supports.

4820 and 4830 CLOSET SYSTEM COMPONENTS

SHELF EDGE 4820/4830

Product Image	Part Number	Description
	HW4825BW01B (per Inch)	Finishes and protects the shelf board. Roll-formed steel in Bright White finish.
	HW4825BW01B14400	Front and back application. Eliminates unsightly shelf cleats and requires no painting after installation.

CENTRE BRACE WITH SUPPORT LEG

	HW48310-000-BW	Plastic shelf brackets with hanger. Hanger bar inserts directly inside both left and right shelf supports for a clean installation. Available in both 12" (305 mm) and 16" (406 mm) depth.
---	----------------	--

LINEN SHELF CENTRE BRACE / LEG

	HW48320-000-BW	Shelving in excess of 4 ft (1220 mm) long must be supported with a center brace and one for each additional 4ft (1220 mm). Easily thread the hanger bar through the center support. Available in both 12" (305 mm) and 16" (406 mm) depth.
--	----------------	--

HANGER BAR AND SUPPORT (COMMON FOR 4820 AND 4830 SYSTEMS)

	HW48204BW01B (per Inch)	Roll-formed steel hanger bars in Bright White finish.
	HW48204-14404-BW	

HANGER BAR PAD (COMMON FOR 4820 AND 4830 SYSTEMS)

	HW48210-14400-AB	Protective caps come in Brown (shown) and Clear finish and snap onto the hanger bar.
	HW48210-14400-CL	

4820 AND 4830 CLOSET SYSTEM COMPONENTS

4820 and 4830 CLOSET SYSTEM COMPONENTS

HANGER BAR SOCKET COVER (COMMON FOR 4820 AND 4830 SYSTEMS)

Product Image	Part Number	Description
	HW48300-000-BW	Covers snap into sockets to complete the installation.
	HW48300-000-AS	

ANCHORS (COMMON FOR 4820 AND 4830 SYSTEMS)

	HW48280	Wall Anchors to hold the shelf in place.
--	---------	--

SHELF "L" BRACKETS (COMMON FOR 4820 AND 4830 SYSTEMS)

	HW48290-000-BW	L brackets provide extra support along the back wall.
	HW48290-BLK-BW	Required for shelves 60" or greater.
	HW48290-000-AL	Add one bracket every 2 ft.
		Locate over studs for greater strength where possible or apply wall anchors (sold separately).

LED BACK-LIT

WALL DECOR MIRRORS LED BACK-LIT

A beautiful home is one that reflects your personal style, and what better way to do so then with the elegant addition of a mirror. As an innovator in home design, we've created a lineup of mirrors with the ability to instantly enlarge a space or accentuate its features.

Whether you want to expand a small bathroom with a large wall mirror, spend glam time getting ready in front of one of our mirrors, or simply looking to fill a bare wall with a fashionably framed mirror.

Browse our selection of mirrors and you'll quickly discover why it's so easy to see yourself with a Renin mirror.

MIRRORS			
LED BACK-LIT			
Model	Name	Description	Page
200169	Capri	Inset 2-strip back-lit rectangular mirror	200
200170	Portofino	Inset frame back-lit rectangular mirror	201
200097	Modena	Inset frame back-lit rectangular mirror on mirror design	202

CAPRI

FRAME TYPE

LED Illuminated Mirror

FRAME SIZE

Inches	Centimeters
24" x 32"	60.96 cm x 81.28 cm

FEATURES

- On/off sensor touch light with dimmer control
- Great for use in bathrooms, bedrooms and common areas
- Illuminated mirror provides balanced lighting
- Mounting hardware included
- 5 year warranty
- Hardware installation required

Overhead lighting casts deep shadows making it ineffective for shaving or applying makeup. Illuminated mirror emits light at eye level. It is an even amount of light which highlights all areas of your face and it also provides great task lighting.

Smart Solution: LED lights uses at least 75% less energy compared to incandescent lighting and lasts 25 times longer than incandescent lighting. If used for 12 hrs a day LED lights would last for more than 12 yrs. That's smart long-term energy savings and significant replacement cost savings.

CAPRI 200169

LED illuminated frameless mirrors make any space feel modern, light and bright. A well-placed mirror makes the most of a room's natural light, enhances views and can visually open up spaces to create new height and depth. Renin Backlit Mirror includes a fully enclosed powder coated slim design metal cabinet with a silicone gasket around the perimeter. LED lights are wrapped in a silicone gasket which protects against moisture related issues. Silicone does not discolor, haze or break down over time. LED strip is firmly secured inside a metal channel that keeps the LED strip in place which does not create shadow lines through the mirror face. Mounting hardware including screws, anchors, and bubble level.

HOURS USAGE	LUMENS	DAYLIGHT COLOR TEMPERATURE	USES LESS ENERGY
50,000	1,884	6,000 Kelvin	75%
