TELEMATICS

With HINO, it's all about you! We've partnered with the top Telematics service providers to empower you and your business with the choices that best fits your needs.

We have the hardware factory installed for you, after you tell us what features you want, we'll take it from there!

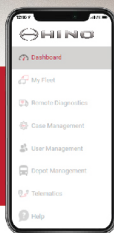

In these 3 simple steps:

1. Log in to Hinoultimate.com
2. Select your TSP* and desired trucks
3. Your Service provider will follow up and you can enjoy seamless integration.

HINO TRUCKS TSP PARTNERS:

* This requires a HINO Trucks TSP partner. HINO is working to add new partners who could join at any time. To get the most up-to-date TSP list, please visit: Hino.com

GETTING MORE FROM YOUR CONNECTED VEHICLE.

Visit www.hinocanada.com for Terms, Privacy, and Opt-Out provisions.

GET LOGGED IN

Getting started is easier than ever!

Simply Log-On at hinoulultimate.com with the username and password provided in your welcome email.

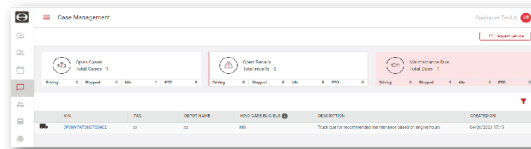

Once logged in, you have access all of your fleet's real time data.

Then it's all about setting the system up the way that works best for you. Just go to the settings section of the portal and you can create new users, change times zones and select your preferred language and unit of measure.

CASE MANAGEMENT

You know your truck is in good hands when your Case Management system is powered by Decisiv and easily controlled through your Ultimate Portal. If you have a fault code appear, you'll immediately get an email. Simply reply to that email to speak with a knowledgeable Ultimate Support representative. Then, in the Case Management tab, you can see all open cases.

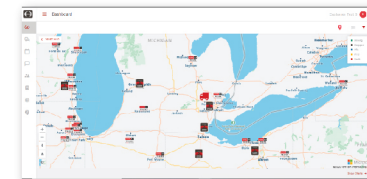

All 2022 and newer HINO L-SERIES and HINO XL-SERIES equipped.

DASHBOARD

The HINO Dashboard allows you to view your fleet location, nearest dealer and how your fleet's utilization compares to others.

With HINO Benchmarking, you'll see a graphical snapshot of how you're doing compared to other similar vehicles in similar situations. Idle times, fuel economy... whatever data you need to optimize the performance of your fleet, you can find it here in real time. Never fly blind again! Everything you need to maximize your fleet's ROI is right here, right now.
